

HONOURABLE JEAN CRETEN
PRIME MINISTER

JULY 20, 1995

Honourable Prime Minister,

Today The Toronto Sun has printed an excellent comment on the slaughter in Bosnia.

If Canada has done its share in stopping the Serbs in their murderous trek all over Croatia and Bosnia, and didn't adhere to its principles of neutrality - because it was always very obvious who the aggressor is and who the victims are - today this Donato's caricature would not be needed in Canada. However, since even today Canada is proclaiming its neutrality and looking calmly at the horror of Muslims, who were handed over to the Serbs, this caricature of Donato's is Canada's shame.

Yours truly,

Valentina Krcmar
